DIFFERENT STROKES FOR DIFFERENT FOLKS

Dogs have differing nutritional requirements. They vary with each life cycle and life style. Science Diet Dog Foods meet these requirements with four specific, precisely balanced formulas ...

- Growth For puppies
 - Lactation For pregnant or lactating females
 - Maintenance For adult dogs
 - Maximum stress For highly stressed/working dogs
- Each diet offers proper nutrition, high digestibility, low stool volume and consistent ingredients.
- Science Diets are available at Pet Shops, Groomers, Kennels and Veterinarians.
- Science Diets... for a healthier, happier dog.
