Welcome

It is with a great deal of pride that we, the members of the Potomac Afghan Hound Club, present our Fall 2017 Afghan Hound Specialty—our 66th specialty. This show is dedicated to the joy and magnificence that is an Afghan Hound and to the owners and handlers who choose to celebrate here. (We've been saying that for years and it is still true!)

We extend special appreciation to Ms Heather Lindberg and Ms Mimi Baker for taking on the difficult job of determining which Afghan Hounds (in their respective assignments) are best on this day in 2017. We extend to them a warm welcome and trust that they will enjoy the dogs presented here today.

As in past years, we thank you the exhibitors for your support, for it is you and your dogs that make such an event a success. We sincerely hope that you enjoy your stay here in the beautiful Virginia Piedmont and specifically here at the "Farm." If we can be of assistance, just ask! We'll be glad to help. Good Luck!

We also thank you the family, friends and spectators who have come to view the breath-taking beauty (and at times, the clownish antics) of the Afghan Hound. Please enjoy the day and the dogs, and the weekend at the other show venue in Millwood, VA!

General Appearance--The Afghan Hound is an aristocrat, his whole appearance one of dignity and aloofness with no trace of plainness or coarseness. He has a straight front, proudly carried head, eyes gazing into the distance as if in memory of ages past. The striking characteristics of the breed--exotic, or "Eastern", expression; long silky topknot, peculiar coat pattern, very prominent hipbones, large feet, and the impression of a somewhat exaggerated bend in the stifle due to profuse trouserings--standout clearly, giving the Afghan Hound the appearance of what he is, a king of dogs, that has held true to tradition throughout the ages.

Head--The head is a good length, showing much refinement, the skull evenly balanced with the fore face. There is a slight prominence of the nasal bone structure causing a slightly Roman appearance, the center line running up over the fore face with little or no stop, falling away in front of the eyes so there is an absolutely clear outlook with no interference; the under jaw showing great strength, the jaws long and punishing; the mouth level, meaning that the teeth from the upper jaw and lower jaw match evenly, neither overshot nor undershot. This is a difficult mouth to breed. A scissors bite, where the lower teeth slip inside and rest against the teeth of the upper jaw, should not be penalized. The occipital bone is very prominent. The head is surmounted by a topknot of long silky hair. **E**ars--The ears are long, set approximately on level with the outer corners of the eyes, the leather of the ear reaching nearly to the end of the dog's nose, and covered with long silky hair. **E**yes--The eyes are almond-shaped (almost triangular), never full or bulgy, and are dark in color. **N**ose--Nose is of good size, black in color. **F**aults--Coarseness; snippiness; overshot or undershot; eyes round or bulgy or light in color; exaggerated Roman nose; head not surmounted with topknot.

Neck--The neck is of good length, strong and arched, running in a curve to the shoulders which are long and sloping and well laid back. **F**aults--Neck too short or too thick; a ewe neck; a goose neck; a neck lacking in substance.

Body--The back line appearing practically level from the shoulders to the loin. Strong and powerful loin and slightly arched, falling away toward the stern, with the hipbones very pronounced; well ribbed and tucked up in the flanks. The height at the shoulders equals the distance from the chest to the buttocks; the brisket well let down, and of medium width. **F**aults--Roach back, swayback, goose rump, slack loin, lack of prominence of hipbones; too much width of brisket, causing interference with elbows.

Tail--Tail set not too high on the body, having a ring, or a curve on the end; should never be curled over, or rest on the back, or be carried sideways; and should never be bushy.

**Potomac Afghan Hound Club
Specialty Show
Best of Breed Winners (1950–1992)**

Legs--Forelegs are straight and strong with great length between elbow and pastern; elbows well held in; forefeet large in both length and width; toes well arched; feet covered with long thick hair, fine in texture; pasterns long and straight; pads of feet unusually large and well down on the ground. Shoulders have plenty of angulation so that the legs are well set underneath the dog. Too much straightness of shoulder causes the dog to break down in the pasterns, and this is a serious fault. All four feet of the Afghan Hound are in line with the body, turning neither in nor out. The hind feet are broad and of good length; the toes arched, and covered with long thick hair; hindquarters powerful and well muscled, with great length between hip and hock; hocks are well let down; good angulation of both stifle and hock; slightly bowed from hock to crotch. Faults--Front or back feet thrown outward or inward; pads of feet not thick enough; or feet too small; or any other evidence of weakness in feet; weak or broken-down pasterns; too straight in stifle; to long in hock.

Coat--Hindquarters, flanks, ribs, forequarters, and legs well covered with thick, silky hair, very fine in texture; ears and all four feet well feathered; from in front of the shoulders and also backwards from the shoulders along the saddle from the flanks and the ribs upward, the hair is short and close, forming a smooth back in mature dogs--this is a traditional characteristic of the Afghan Hound. The Afghan Hound should be shown in its natural state; the coat is not clipped or trimmed; the head is surmounted (in the full sense of the word) with a topknot of long silky hair--that is also an outstanding characteristic of the Afghan Hound. Showing of short hair on cuffs on either front or back legs is permissible. Fault--Lack of short-haired saddle in mature dogs.

Height--Dogs, 27 inches, plus or minus one inch; bitches, 25 inches, plus or minus one inch.

Weight--Dogs, about 60 pounds; bitches, about 50 pounds.

Color--All colors are permissible, but color or color combinations are pleasing; white markings, especially on the head, are undesirable.

Gait--When running free, the Afghan Hound moves at a gallop, showing great elasticity and spring in his smooth, powerful stride. When on a loose lead, the Afghan can trot at a fast pace; stepping along, he has the appearance of placing the hind feet directly in the foot prints of the front feet, both thrown straight ahead. Moving with head and tail high, the whole appearance of the Afghan Hound is one of great style and beauty.

Temperament--Aloof and dignified, yet gay. Faults--Sharpness or shyness.

My introduction to the fascinating world of Afghan Hounds was in 1966, when I was looking for the perfect dog for my parents - had to be a "real" dog for my step-dad, a career Army man, and someone elegant for Mom, just because... We were learning about conformation showing with a lovely Great Dane youngster, and were drawn to the Afghan ring when possible. That was it - and proved to be the right choice. But then I had to have one! I was in love! Thus came Tasha (Stumpy Acres Golden Promise) and the beginning of a collection of wonderful memories--of magical moments of winning with mostly bred-by babies, owner-handled all the way.

One of those outstanding moments was at the TARA Specialty, with Kay Finch judging and choosing Malaika A'Mirla as Winners Bitch, from an entry of 99 bitches!!! A'Mirla Afghans, shown on a somewhat limited basis, brought us great pride and enjoyment - and were an inspiration to that other hobby--trying to capture their beauty thru artwork...

Thank you Potomac Afghan Hound Club for inviting me. It's an honor to be here.

My interest in dogs began around 5 years of age. By the age of 6, I had already put an Obedience title on my Schipperke (Jacob). Soon after, I discovered Conformation Showmanship and there was no looking back. I went on to compete as a top Junior Handler for many years. Later, I would apprentice under the watchful eyes of a few different top Handlers before going on to have my own rewarding career as a Professional Handler.

My love of Afghans began around the age of 15 when I was fortunate enough to be given ownership of a beautiful dog named Ch. Shundu Suni Shai Hulud. He was sired by Ch. Tazaru of Grandeur. My foundation bitch was Ch. Tajmir Black Orchid. I went on to later breed several Champions under the Xanadu Kennel name which was continued on out of respect for Roger and Johanna Tanner, my dear friends and mentors in the breed. I also owned and handled an amazing dog: Multiple BIS, Multiple BISS Ch. Tifarah's All Star Performer who is still making his contribution to the breed worldwide today, via frozen semen. My passion and dedication to Afghan Hounds continued over the years by handling for some of the great breeders in the United States. All totaled, I have handled over 60 Afghan Hounds to their AKC Championships. Today, my husband and I co-own a handful of Afghans with John Roger-Morton (Jorogz) and we find much pleasure in watching their get compete in the ring.

In 2011, I retired from Professional Handling and began my AKC Judging Career. At that time, my husband and I purchased our first Pet Resort. Several years later, we have owned multiple Pet Resorts, Grooming Salons and Doggie Daycare Facilities. We also began a small breeding program of Beagles under the name of Windstar, and are involved with Chinese Cresteds, breeding under the name of Silverwood. I recently had the pleasure of judging the 2017 Chinese Crested National Specialty Show. I also keep active in numerous Dog Clubs and I have served on the board of many of them.

I very much enjoy the rewarding experience of giving back to the Dog Show Community as an AKC Judge. At this time, I am licensed by the AKC to judge several breeds and Junior Showmanship. I am also currently in the process of applying to judge several more breeds. I truly believe that Judging is the culmination of my lifetime spent passionately dedicated to the Dog Fancy.
